HOT FUN

in the Summertime!

grand prize winner: Jacobi Lucchese

fun in
the sun

about the artist

Jacobi Lucchese is 13 years old and was born in Lima, Ohio. It has been 2 years since Jacobi and his family moved to Texas and he started taking art lessons here. Prior to that, we had no idea he was so talented!

He has done many paintings now, mostly acrylic or oil paints, but also some

pastels, inks, and charcoals. His favorite things to paint are animals, and last year, two of his paintings won first place at the Grayson County Fair. He has also started learning to work with wood, with etchings, burnings, and carvings.

Art is definitely his favorite subject, and he is thinking that he would like to use his talents in his future career in some way. He is currently in the 7th grade at Texoma Christian School, and when he's not painting, he loves to play soccer.

1st runner up

Matthew Tan is 10 years old and in 5th grade at St. Mary's School in Gainesville.

2nd runner up

Javier Garcia, Age 13
Pottsboro Middle School

My name is Javier Garcia and drawing is one of my favorite hobbies.

I like drawing in my free time. I mostly like drawing cartoon-type drawings. One of my favorite hobbies is studying architecture skills and hopefully use those skills to help me in the future. I am thankful to have won this award because it has made me realize I have potential.
